Risk Management

Although the company has long been following the principle of risk minimization as is the norm in every industry, it has now become a compulsion.

Therefore, in accordance with Section 134(3)(n) of the Companies Act, 2013 and Regulation 17(9) SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015 the Board members formally adopted steps for framing, implementing and monitoring the risk management policy for the company.

A disciplined approach to risk is important in a diversified organization like ours in order to ensure that we are executing according to our strategic objectives and that we only accept risk for which we are adequately compensated. We evaluate risk at the individual transaction level, and evaluate aggregated risk at the customer, industry, geographic and collateral-type levels, where appropriate.

At the end of each year, management and the Board jointly develop a list of major risks that company plans to prioritize in the next year. Key areas of Risk Management for the year 2020-21 include Data Security and Privacy, Technology obsolescence, Service Delivery, retention and development of Human Resources, Business competition, Delayed payments from key customers & resultant cash flow problems and Foreign Exchange fluctuations.

The main objective of Your Company's risk management policy is to ensure sustainable business growth with stability and to promote a pro-active approach in reporting, evaluating and resolving risks associated with the business. In order to achieve the key objective, the policy establishes a structured and disciplined approach to Risk Management, in order to guide decisions on risk related issues. The risk governance structure is led by the Audit/Risk Compliance Committee, chaired by Mr. Anil Kumar Sood.

This committee is responsible for the effective management of the risks facing the Company. The Committee meets on a quarterly basis and reports to the Board. As a matter of policy, these risks are assessed and steps as appropriate are taken to mitigate the same.

Internal Control Systems and Their Adequacy

The Company has an Internal Control System, commensurate with the size, scale and complexity of its operations. The scope and authority of the Internal Audit (IA) function is defined in the Internal Audit Charter. To maintain its objectivity and independence, the Internal Audit function reports to the Chairman of the Audit/Risk Compliance Committee of the Board.

The Internal Audit monitors and evaluates the efficacy and adequacy of internal control system in the company, its compliance with operating systems, accounting procedures and policies at all locations of the company and its subsidiaries. Based on the report of internal audit function, process owners undertake corrective action in their respective areas and thereby strengthen the controls. Significant audit observations and corrective actions thereon are presented to the Audit/Risk Compliance Committee of the Board.

Internal financial control with reference to the financial statements

The Company has in place adequate internal financial controls with reference to financial statements. During the year no material weakness in the design or operation was observed.

Vigil Mechanism / Whistle Blower Policy

In order to ensure that the activities of the company and its employees are conducted in a fair and transparent manner by adoption of highest standards of professionalism, honesty, integrity and ethical behavior, the company has adopted a vigil mechanism policy. This policy is explained in corporate governance report and also posted on the website of the company.

Enhancing Shareholder Value

Enhancing Shareholder Value is the common thread that runs through everything we do as a company from innovating new products and broadening our existing portfolio, to successful restructuring efforts and improving our working capital.

Throughout our history, delivering value to our shareholders has been and will continue to be uppermost in our minds as we manage our business. However, in the last few years, due to declining revenues and performance, the company has been unable to declare dividends. Your company is also committed to creating value for all its stakeholders by ensuring that its corporate actions positively impact the stock price and creation of Shareholder Value.

Corporate Social Responsibility

The provisions for corporate social responsibility ("CSR") under the Companies Act, 2013, are not applicable to the company for the current financial year. However, your company has been, over the years, pursuing as part of its corporate philosophy, an unwritten CSR policy voluntarily which goes much beyond mere philanthropic gestures and integrates interest, welfare and aspirations of the community with those of the company itself in an environment of partnership for inclusive development.

Corporate Governance

A report on Corporate Governance including the relevant Auditors' Certificate regarding compliance with the conditions of Corporate Governance as stipulated in Regulation 34(3) and Schedule V of SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015, is annexed. Management's Discussion and Analysis is also annexed.

Management's Discussion and Analysis

(1) Background and Overview

Your Company's core business is that of a technology platforms & solutions provider to the global telecoms industry, especially mobile telecom service providers. Mobile services market is a constantly changing (market, regulatory technology, and customer expectation changes) dynamic industry and service providers need to continuously innovate, introduce new services and solutions, and time and again develop new market segments to preserve and grow their revenues. Hence their need for key & new technologies is a constant and remains a big driver for your company's growth opportunities. Mobile enablement of many traditional industries is further driving growth in new enterprise segments for the company. Emerging and fast-growing Technology areas like 5-G, Internet of Things (IoT) and Mobile Digital Payments are opening up wholly new business segments, as the mobile technology industry continues its expansion. Digital transformation platforms and solutions are a big need to address all these areas for the mobile carriers and Your company is well positioned to take advantage of these segments.

2020-21 saw the COVID-19 Pandemic ravaging the world, disrupting economic cycles and saw a huge decline in Capital spending by many mobile operators including your company's customers, even though, during the lock down in 2020 operators saw an increase in mobile usage by customers in many regions, which boosted ARPU's for mobile operators. The impact of COVID 19 was acutely felt on new project on-site implementation, customer business development visits etc. Yet, your company managed to off-set the loss of revenue and expansion from some of the existing clients by winning new contracts and expanding into new countries, thus managing to register a marginal increase in revenues during this tough year.

Your company sees new opportunities emerging from the delayed rollouts of 5G networks, which are expected to create significant business opportunities for tech. companies like yours especially from year 2021-22 onwards. Roll out of 5G networks requires core changes including in OSS / BSS & support technologies (Your company's product areas traditionally) which can present good opportunities for your company.

The Latin American Market, where your company has a strong presence, continues to present greater opportunities for your company's growth and consumers fast adapting new telco and mobile based services, new digital money transactions etc.

Your Company will continue to rely on its agile innovation adoption, democratized customer Strategies and Strategic partnerships.

(2) Financial results

Your company reported a consolidated turnover of ₹ 5940.22 lakhs in 2021 as against ₹ 5673.26 lakhs in 2020. Profit after tax for the financial year under review is ₹ 178.15 lakhs

(A) Sources of Revenue

The company derives revenues through the following revenue models:

- Hosted Managed Services (Annuity)

The company operates its platform end-to-end in datacenters and gets paid monthly, based on a revenue-share or per-subscriber transaction fee model, around a multi-year contract. The company also normally charges an upfront technology implementation fee from these customers.

- Software Licensing and Customization

The company also offers its platforms on a capacity licensing basis to mobile operators, wherein its platforms are installed in the carrier's premises in return for a one-time license fee for a stated limited capacity (subscriber, throughput, or other appropriate metric).

- Services and Maintenance

The company also realizes revenues derived from customizing its platforms to suit specific service needs of carrier customers. This is a steady revenue source along with AMCs (Annual Maintenance Contracts).

(B) Segment-wise Performance

Product Wise

Geography Wise

Business Model-Wise

(C) Significant Transactions during the period under review

During the previous financial year, Block 2 of your Company's IT facility at Nanakramguda, (Hyderabad) was leased out and your company started receiving rentals for the same from the last quarter of this financial year. (Completion of the same as per Joint Development Agreement with M/S Darshita Infrastructure Pvt. Ltd (A Salarpuria Sattva Group Company) as declared by the company vide its disclosure to the Stock Exchanges on 5 February 2020).

(3) Industry Outlook

The COVID-19 Pandemic continues to infect the global population even after more than a year of its outbreak, resulting in continued un-certainties in the global economic and the telecom market scenario. During such a situation, predicting the industry is difficult and hence need to be viewed in that context. Assessing the extent of delays and slowdown in the projected Market growth is currently not feasible and hence what is presented here is an Industry outlook at a steady state.

(A) MVNO market: expansion into new markets and specialized segments

MVNO (Mobile Virtual Network Operators – Your Company's important customer segment) market is witnessing more new launches in South & Central America, Middle East and Africa and a general increase in Market Share of MVNOs, which is a good sign for your company.

While the effect of economic recession and de-growth due to the COVID-19 Pandemic is yet to be assessed, previously, 'Research and Markets' estimates the global MVNO market size to reach USD 94.82 billion by 2025. This can be attributed to growing demand for data services, increasing number of services such as Mobile enablement; Internet of Things (IoT) and mobile money are expected to drive MVNO demand further.

LATAM & African MVNO markets present a significant opportunity that is yet to be effectively realized with further growth and new launches in Peru, Colombia, Central America, and Chile.

In addition, several MVNOs are planning to enter the market as specialist providers, combining mobile services with another core service (example financial services) and this trend is expected to drive the market expansion more and more in coming years.

(B) OSS/BSS Platforms and Internet of Things (IoT)

5G roll out is expected to create a new range of services and opportunities for technology company like yours as it envisages significant changes / upgrade to a Mobile Operators core OSS (Operations Support Systems – Core Network elements) and BSS (Business Support systems – Like billing etc.) and this presents a good opportunity for your company to focus on many large and medium mobile carriers as potential customers for its OSS/ BSS suite of products and platforms. Digital transformation is a major

driver across the globe for many carriers.

Additionally, 5G also is expected to create new demand for your company's platforms for smart cities, Fixed Wireless Mobile, fleet management, etc. – as well as making Mobile operators primary OTT providers in their own right. As per Research done by Markets & Markets, The 5G-infrastructure market is estimated to be valued at USD 784 million in 2020 and is projected to reach USD 47,775 million by 2027. As per the report, the major driving factors are, growing adoption of virtual networking architecture in telecommunications, and growth in mobile data traffic is driving the market. Increasing M2M connections across various industries are also expected to drive the 5G-infrastructure growth during the forecast period. Enterprises and Industrial end users will offer a significant new market segment for technology vendors in the 5G space.

According to a report by Zion Market Research, the global IoT in smart cities market was valued at around USD 79.3 billion in 2018 and is expected to reach approximately USD 330.1 billion by 2025, at a CAGR of slightly above 22.6 percent between 2019 and 2025.

(C) Mobile & Digital Payments

Your Company's other major technology segment is that of Mobile payments, where it offers a range of solutions and platforms to enable mobile money transactions. In several countries, especially among emerging high growth economies in LatAM, Africa & Middle east, there is a growing trend of moving to mobile-based digital payments. India's huge success with UPI and digital payments is spurring new demands for such technologies across the globe.

According to Allied Market Research, global mobile payment transactions will be worth more than \$3.5 trillion by 2023, Mobile payments have been gaining popularity, as more people now have a mobile device than a bank account.

As more countries develop single digital payment environments like the Indian UPI, Innovations in the mobile payments space are likely to continue and holds large potential for driving growth in the mobile-based financial services.

India and the Asia Pacific are ahead in adoption of such technologies, while regions characterized by mature economies like Europe and North America lag behind. This is rooted in the differing financial infrastructures within both developing and developed markets. South American and African countries provide a big growth opportunity for mobile payments due to their rapid transition from cash-driven economies to digital payment ones.

Previously under-served customers in lower economic strata as well as in remote areas, are now being given an opportunity to use mobile payments resulting in their financial and commercial inclusion. These newly connected cashless consumers carry enormous growth potential in developing economies, benefitting technology vendors in this area, like your company.

(4) Business Strategy and Focus for 2021-2022

As outlined earlier, going forward, Your Company's Strategic Business Units (SBUs) will continue to focus on

1. Mobile Services Platform (MSP) for MVNOs in Americas and Africa
2. OSS/BSS Platforms to Large Mobile Carriers.
3. Payment systems for LATAM in specific as well as other regions and
4. Internet of Things (IoT) for the US market.

Your Company is poised to roll out its 5G ready platforms for the above technology & market segments early this financial year which will be a key business driver for future years to come. Your Company's New Product Group (NPG) is focused on this as well as expanding the Mobile Payments capabilities with a view to cater to the fast expanding digital payment space.

For 2021 and beyond, the company will execute on the following approach to growing the business:

A.MVNOs in Latin America and Africa

In Latin America, MVNO offerings are rapidly expanding, and new launches are happening all the major countries, Mexico, Colombia, Peru, Chile, Ecuador etc. In Colombia, MVNOs now have double-digit market share with more than 5 million subscribers. Mexico, being the largest Market, is also witnessing a rapid growth of MVNO services with large brands from other industries moving to

provide Virtual Mobile services. Your company has vast operational experience of having deployed its Mobile Services Platform (MSP) for many MVNE/O clients and in this region and is fast emerging as the Market Leader in Latin America.

Your Company intends to grow the MSP Platform business for MVNOs in the African and Middle Markets as well.

B. OSS/BSS Platforms to Large Mobile Carriers.

Your Company has a comprehensive portfolio of OSS & BSS Solutions as part of its Technology Solutions and intend to pursue the OSS / BSS market with renewed vigor during this financial year and beyond.

C. Mobile Based Digital Payments, Mobile Wallet and Digital financial services

Your Company, with its most comprehensive end-to-end mobile payment platforms and over 10 years of extensive experience, is well poised to target for a good share of Mobile based digital payment processing and Digital financial market as a technology vendor of choice to financial service providers, old and new in this vast market.

India is now acknowledged across the world as the biggest success story in adapting digital payments as well as use of mobile connectivity to provide financial inclusivity to all sections of the population. In January 2020, over 97% of payments by volume in India was digital. This phenomenal growth has been achieved through home grown solutions and technology. Thus globally your company has an image advantage in this area.

Designed and developed to address a large variety of payment needs, our Payment Manager system also provides a comprehensive settlement infrastructure connections between payment service providers including banks, channel partners, mobile network operators and electronic money institutions to create a central payment clearing for instant domestic and international transactions across multiple currencies including digital ones.

D. Internet of Things (IoT) Market

IOT is fast emerging as a key growth driver for mobile connectivity and globally, a lot of technological innovation is being focused on this high growth area. With billions of connected devices predicted to come to market by 2024, IoT will transform usage of telecom networks from being consumer centric to devices & Enterprise centric. 5G is often referred to as a "Network for Networks" and roll out of 5G is expected to exponentially growth the IOT market globally.

For global mobile service providers who seek to deliver a growing bouquet of services, our XIUS suite of IoT platform's end-to-end management capability and the ability to integrate into an operator's service management systems makes it an ideal choice for them.

Your Company is gaining good traction in USA, the world's largest IOT market and has partnered with leading mobile operators and IOT device providers there with a view to deploy its end- to-end IOT solution and platform for key industries like healthcare, logistics, agriculture & education, in the coming months / years.

E. Continued Innovation and R&D Efforts

Your Company's ability to ideate, innovate and successfully launch new technology platforms and services has always been the corner stone for its continued success, survival and growth all these years and your Company will continue this tradition of innovation in this year as well. New Product teams are working on building cutting edge technologies and new offerings to be launched in the coming years and Your Company accordingly expects to launch many new products & services.

(5) Our Offering

(a) Mobile Services Platform (MSP)

XIUS Mobile Infrastructure Solutions and Services enhance the way service providers across an array of industries deliver and capitalize upon next-generation mobile services.

- XIUS MSP provides end-to-end infrastructure for 3G, 4G, (soon full 5G) Mobile Operators, MVNE/MVNOs, Converged Broadband 4G (LTE) Service Providers, Mobile Operator Wholesale Departments, and M2M, IoT Service Providers
- XIUS MSP offers a complete suite of cost-competitive and reliable infrastructure options that enable mobile services delivery along with real-time rating and billing.
- MSP's comprehensive Billing Module (Real-time Postpaid & prepaid, Inter-connect & Roaming) combined with its vast CRM capabilities offer Mobile operators a comprehensive platform to offer a wide range of services to their subscribers.

Your Company has already successfully upgraded MSP into a fully Cloud enabled Platform to host state-of-the-art features and capabilities on the Cloud – private, hybrid and public cloud networks.

(b) OSS / BSS Platforms

Real time Rating & Charging, Comprehensive Customer, Interconnect & Wholesale billing, Provisioning and Mediation, Integrated Messaging Solutions, are just some of the key OSS/BSS platforms that your company has developed and deployed over several years. These highly scalable, flexible and modular platforms are ideal for any large and small medium telecom carriers who wish to address many of the above fast emerging customer segments, as well as enhancing customer experience for their traditional subscriber base.

(c) XIUS Internet of Things (IoT) SUITE

XIUS IoT Platform is software-based and unique in the IoT market in being a truly horizontal, end-to-end services delivery framework built for the new mobile world of connected devices and emerging services across a disparate array of devices in a secure and cost-effective manner.

Leveraging hybrid cloud architecture to resolve one of the most challenging issues facing IoT services, security is assured by distributing data and making any potential system-wide breach of security unlikely with least amount of potential exposure. Operational simplicity is achieved through seamless integration with mobile operators' existing back-office systems allowing them to rapidly and cost effectively, deploy, and manage multi-service solutions without requiring any major investments in new operations systems.

Being seamlessly integrated with the BSS/ Billing / Support modules of our MSP Platform, Enterprise customers including universities, Fleet operators, Healthcare service providers, large corporates, can additionally avail these systems as well when opting for XIUS IOT Suite.

(d) Mobile Payments Manager (PM)

Your Company's XIUS PM is one of the most comprehensive Digital Mobile payment platforms available in the world today. A large highly scalable transaction engine at its core, XIUS PM offers, channel management, Banking & Payment Gateways, Digital wallet and loyalty systems, P-2-P payments, settlements and a fully regulatory compliant reporting system. That makes XIUS PM an ideal choice for a variety of financial service's needs.

(6) Risks and Concerns

The company's management embarked on a number of initiatives to manage business risks (given below):

Market Risk

Your company's growth is dependent on mobile telecom industry growth. The telecom industry has historically suffered from an extended sales cycle and high debtors' position, detrimental to cash flows. With the macroeconomic situation still fluid and the Telco industry facing falling ARPUs worldwide, sustained capital expenditure in the mobile industry remains uncertain and this may affect your company's performance.

Additionally, the continued presence of the CoVID-19 pandemic and the resultant economic slowdown can severely affect new project roll outs, the effect of which is hard to assess at this moment.

Megasoft is also aiming at non-telco customers for its mobile platforms. While this reduces the company's sole dependence on mobile telcos for its revenues, it may also pose unknown challenges and risks due to the company's lack of experience in these segments.

With Megasoft exploring new geographies, new products & services we anticipate new known and unknown competition and market risk.

Additionally, with rapid technological changes that too with the onset of 5G, the Company's ability to invest in R&D and technology upgrade is a key factor in determining its market access capabilities and any inability to incur new investments may impact the company's ability to continue to be relevant in the markets that it currently operates.

Revenue Risk

The past few years have seen mobile telcos grapple with rapid financial, operational and market changes. We are helping our clients to navigate through this period of uncertainty but your Company foresees the likelihood of reduced revenues from customers in certain cases, there may be incremental costs to acquire a contract and certain costs to fulfill a contract. With continued presence of COVID-19 affecting all customers in various ways, some Customers may wish to reconsider current contract terms and business practices. Additionally there can be delays in implementation of projects and roll out of services in new segments, which can delay your company's revenues.

Protection of Intellectual Property Rights

In a knowledge-driven business, the primary responsibility is to safeguard intellectual property. The company encourages employees to ideate and file patents to protect intellectual property. Megasoftware continues to hold 35 patents awarded to it out of 120 applications being filed by the company. The award of patents only reiterates our strong belief and commitment to continue innovating and contributing to the industry.

Litigation

There is an increasing trend towards litigation regarding intellectual property rights, patents and trademarks in the software and telecom industry. There are also other corporate legal risks including contractual performance and product performance. The company has an insurance policy in place to mitigate these risks.

Foreign Currency Fluctuation

With major revenues coming from overseas markets, The Company has a substantial exposure to foreign exchange-related risks on account of earnings denominated in foreign currencies by exporting software, products and solutions. A majority of the company's revenues are US\$ denominated; the continued depreciation of the Indian rupee vis-à-vis the US\$ can result in much higher interest and capital repayment outflows for the company. Also, such huge fluctuations make revenue and profit projections more unpredictable.

Client Concentration

Your Company's Revenue is distributed across all clients and not dependent on any one company. The company expanded its sales focus on new customers and market segments and will expand its revenue base and achieve a better spread in revenues and clients.

(7) Internal Controls

The company possesses an adequate system of internal controls to safeguard assets. Checks and balances were in place and reviewed at regular intervals to ensure that transactions were properly authorized and reported correctly. The Audit Committee, in consultation with Internal Auditors, reviewed the internal control systems at regular intervals and initiated corrective action(s) wherever deemed necessary.

Additionally, the company has already initiated a corporate management initiative to define best practices in processes, methodologies, systems and metrics with a specific focus on customer interaction and service delivery. The company commissioned a new research and development organization with supporting processes, customer support, managed services processes, Management Reporting and Control Systems (MRCS) and automation. The company regularly assesses risks and controls for existing and new process flows.

The continuance of the company's 'cash and caution' policy enabled the company to remain profitable at the end of the financial year. The company continues its tight cost controls, debt reduction and repayment.

(8) Human Assets

The company enjoys cordial relationship with employees as it endeavors to provide them with a professionally rewarding and enriching work environment. The company possesses an effective performance management system that focuses on employee development, measuring key result areas, competencies and training needs.

Your Company provides training resources accordingly to meet the technological and operational demands that new products may necessarily require.

The company advocates work-life balance and welfare activities that enhance team cohesiveness. F5, a welfare activity, continues to be of a great success and has brought tremendous enthusiasm and motivation among the employees. The company gives high importance

to the health and safety of the employee and has health awareness program and webinar for the wellbeing of the employee. The company has career progression policy for employee growth. Also to keep the skill set honed and up to date, the employees are professionally trained in technologies like LTE, cyber security, IoT and cloud. To ensure profitable contract closure the company has revised the sales incentive plan to motivate the sales organization with more closures.

(9) Quality Certifications

Our Quality Management System (QMS) has its foundation on decades of experience and industry best practices that are aligned with international standard quality models and certifications.

ISO 9001:2015 – Quality Management System

The company's products & solutions ensure customer satisfaction.

ISO 27001:2013 – Information Security Management System

The certification assures that we maintain confidentiality, integrity and availability of corporate and client information.

(10) Property

During the 2017-18, after the Shareholders' approval through the postal ballot dated 22nd March 2016 for the same, the company entered into a Joint Development Agreement with M/S Darshita Infrastructure Ltd (A Salarpuria Sattva Group Company) & obtained necessary Statutory approvals from TSIC and other regulatory authorities for setting up a large IT facility at its property at Nanakramguda Hyderabad, consisting of 3 blocks. Block 1 of the said IT facility was completed in 2018-19 and block 2 was completed during fiscal (2019-20) and the same was rented out as announced by the company in its disclosure on 5 February 2020. Your company started receiving rentals for Block 2, from the last month of financial year 2020-21. INDEPENDENT AUDITOR'S REPORT

To the Members of Megasoft Limited

Report on the Audit of the Consolidated Financial Statements

1. Opinion

We have audited the Consolidated Ind AS Financial Statements of **MEGASOFT LIMITED** and its Subsidiaries Megasoft Consultants Sdn Bhd, XIUS Holding Corp, XIUS Corp and XIUS S DE RL DE CV (collectively called as "the Group) which comprise the Consolidated Balance Sheet as at 31st March 2021, and Consolidated Statement of Profit and Loss, (including the statement of Other Comprehensive Income), the Consolidated Cash flow Statement, notes to Consolidated Ind AS Financial Statements and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Consolidated Ind AS Financial Statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, and profit, (changes in equity) and its cash flows for the year ended on that date.

2. Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Ind AS Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Consolidated Ind AS Financial Statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

3. Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated Ind AS Financial Statements of the current period. These matters were addressed in the context of our audit of the Consolidated Ind AS Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

4. Information Other than the Financial Statements and Auditor’s Report thereon

The Company’s Board of Directors is responsible for the other information. The other information comprises the information included in the Board’s report, including Annexure to Board’s Report, Business Responsibility Report, Corporate Governance and Shareholder’s Information but doesn’t include the Consolidated Ind AS Financial Statements and our auditor’s report thereon.

Our opinion on the Consolidated Ind AS Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated Ind AS Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Consolidated Ind AS Financial Statements or our knowledge obtained in the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

5. Management’s Responsibility for the Consolidated Ind AS Financial Statements

The Company’s Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 (“the Act”) with respect to the preparation of these Consolidated Ind AS Financial Statements that give a true and fair view of the financial position, financial performance, (changes in equity) and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Consolidated Ind AS Financial Statements, management is responsible for assessing the Company’s ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company’s financial reporting process.

6. Auditor's Responsibilities for the Audit of the Consolidated Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated Ind AS Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Ind AS Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Ind AS Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Ind AS Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Consolidated Ind AS Financial Statements, including the disclosures, and whether the Consolidated Ind AS Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Ind AS Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

7. Other Matters

We did not audit the financial statements / financial information of 4 subsidiaries, whose financial statements / financial information reflect total assets of Rs. 67,83.01 lakhs as at 31st March, 2021, total revenues of Rs. 5,577.54 and net cash flows amounting to Rs. 86.46 lakhs for the year ended on that date, as considered in the consolidated financial statements. The consolidated financial statements also include the Group's share of net profit of Rs.177.42 lakhs for the year ended 31st March, 2021, as considered in the consolidated financial statements, whose financial statements / financial information have not been audited by us. These financial statements / financial information have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the

consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, and associates, and our report in terms of sub-section (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries, jointly controlled entities and associates, is based solely on the reports of the other auditors.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements / financial information certified by the Management.

8. Report on Other Legal and Regulatory Requirements

As required by Section 143(3) of the Act, we report that:

(a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

(b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

(c) The Balance Sheet, the Statement of Profit and Loss (including the statement of Other Comprehensive Income), the Cash flow Statement, notes to Consolidated Ind AS Financial Statements and the Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.

(d) In our opinion, the aforesaid Consolidated Ind AS Financial Statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015 as amended.

(e) On the basis of the written representations received from the directors as on 31st March, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.

(f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".

(g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

- i. The Company has disclosed the impact of pending litigation on its financial position in its Consolidated Ind AS Financial Statements.
- ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
- iii. There has been no delay in transferring amounts, required to be transferred, to Investor Education and Protection Fund by the Company.

ANNEXURE - A TO THE AUDITORS' REPORT ON THE INTERNAL FINANCIAL CONTROLS UNDER CLAUSE (I) OF SUB-SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013 ("THE ACT")

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2021, we have audited the internal financial controls over financial reporting of Megasoft Limited (hereinafter referred to as "the Holding Company") and its subsidiary companies, which are companies incorporated in outside India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the of the Holding company, its subsidiary companies, which are companies incorporated in outside India, are responsible for establishing and maintaining internal financial controls based on, "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI)". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial control system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Consolidated Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Ind AS financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on “the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India”.

Other Matters

Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to 4 subsidiary companies, which are companies incorporated in outside India, is based on the corresponding reports of the auditors of such companies incorporated in outside India.

b. Basis of Preparation

These Financial Statements have been prepared on accrual basis of accounting in accordance with Indian Accounting Standards (IND AS) as per the Companies (Indian Accounting Standards) Rule, 2015 notified under Section 133 of Companies Act, 2013, (the 'Act') and other relevant provisions of the Act. The Financial Statements upto year ended 31st March 2017 were prepared in accordance with Generally Accepted Accounting principles(GAAP) in India, accounting standards specified under section 133 of the Companies Act, 2013, read with Rule 7 of the Companies (Accounts) Rules, 2014 and the Companies Act, 2013 collectively referred to as "Indian GAAP". The company followed the provisions of IND AS 101 in preparing its opening IND AS Balance Sheet as on the date of transition viz. 1st April, 2016. Some of the Company's IND AS accounting policies used in the opening balance sheet are different from the previous GAAP policies applied as at 31st March, 2016 and accordingly adjustments were made to restate the opening balances as per IND AS. The adjustments arose from events and transactions before the date of transition of IND AS were recognised directly to Retained earnings as at 1st April, 2016, as required by IND AS 101.

Disclosures under IND AS are made only in respect of material items and in respect of the items that will be useful to the users of Financial Statements in making economic decisions.

c. Basis of Measurement

The Financial Statements have been prepared in Going concern basis and on an accrual method of accounting. Historical cost is used in preparation of Financial Statements except for the following items which are measured at Fair value:

- i) Certain Financial assets and liabilities
- ii) Net Defined benefit (Asset)/ Liability

d. Functional and Presentation currency

The Financial Statements are presented in Indian Rupees (INR), which is the Company's functional currency. All financial information presented in INR has been rounded to the nearest Lakhs, except as stated otherwise.

e. Use of estimates and management judgement

The preparation of Financial Statements in conformity with the accounting policies requires the management to make estimates and assumption considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The Management believes that the estimates used in preparation of the Financial Statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known/materialize.

Note 1B Significant accounting policies

A Summary of significant accounting policies applied in the preparation of Financial Statements is given below. These accounting policies have been applied consistently to all the periods presented in the Financial Statements.

a. Revenue Recognition

Revenue from software development on time and material basis is recognized based on software developed and billed to clients as per the terms of specific contracts. In the case of fixed-price contracts, revenue is recognized based on the milestones achieved as specified in the contracts or on the percentage of completion basis. Provision for estimated losses on incomplete contract is recorded in the period in which such losses become probable based on the current estimates. Revenue from product licenses and related revenue are recognized as follows:

- License fees, on delivery and subsequent milestone schedule as per the terms of the contract with the end use
- Product maintenance revenues, over the period of the maintenance contract

b. Property, Plant and Equipment

i. Initial and Subsequent Recognition:

All items of Property, Plant and equipment (PPE) are measured at Historical cost, which includes capitalised borrowing cost less accumulated depreciation and impairment loss, if any.

Items of spare parts, standby equipment and servicing equipment which meet the definition of property, plant and equipment are capitalised. Other spare parts are carried as inventory and recognised in the Statement of Profit and Loss on consumption.

Where the cost of depreciable assets has undergone a change during the year due to increase/ decrease in long term liabilities on account of exchange fluctuation price adjustment, change in duties or similar factors, and the unamortized balance of such asset is charged off prospectively over the remaining useful life determined following the applicable accounting policies relating to depreciation/ amortization.

Spare parts are recognised when they meet the definition of Property, Plant and Equipment, otherwise, such items are classified as inventory.

On transition to IND AS, the company has elected to adopt the cost model i.e., cost less accumulated depreciation for all of its Property, Plant and Equipment as at 1st April, 2016. Except for land which has been revalued to reflect the fair value.

The Property, Plant and equipment of the Company are physically verified in a phased manner to cover all the items of PPE over a period of three years, which in the Management's opinion, is reasonable having regard to the size of the Company and the nature of its assets. Property, Plant and Equipments are capitalised when the assets are ready for their intended use and when occupancy certificate is received in respect of immovable properties.

ii. Depreciation

Depreciation is recognised in Statement of Profit and Loss on a straight – line basis over the estimated useful lives of each part of an item of property, plant and equipment. Leased assets are depreciated over the shorter of the lease term and their useful lives unless it is reasonably certain that the Company will obtain ownership by the end of the lease term.

Depreciation on additions to/ deductions from property, plant and equipment during the year is charged on pro – rata basis from/ up to the month in which the asset is available for use/ disposed.

iii. Goodwill and Other Intangible Assets:

On transition to IND AS, the Company has elected to continue with the carrying value of all its intangible assets recognised as at 1st April, 2016, measured at previous GAAP, and use that carrying value as the deemed cost of such intangible assets.

Software which is not an integral part of related hardware, is treated as intangible asset and amortised over a period five years or its license period, whichever is less.

On Transition to IND AS the company has elected to continue with the carrying value of all intangible assets recognised as at 1st April, 2016 measured as per the previous GAAP and use the carrying value as deemed cost.

iv. Capital work – in – progress:

The cost of self – constructed assets includes the cost of materials and direct labour, any other costs directly attributable to bringing the assets to the location and condition necessary for it to be capable of operating in the manner intended by management and borrowing costs.

Expenses directly attributable to construction of property, plant and equipment incurred till they are ready for their intended use are identified and allocated on a systematic basis of the cost of related assets.

Unsettled liabilities for price variation/exchange rate variation in case of contracts are accounted for on estimated basis as per terms of the contracts.

v. Leases:

The company's lease assets primarily comprise of buildings. The company assesses whether a contract contains a lease at the inception

of the contract. A contract is, or contains a lease, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- (i) the contract involves the use of an identified asset
- (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and
- (iii) the Company has the right to direct the use of the asset.

Transition

Effective April 1, 2019, the Company adopted Ind AS 116 “Leases” and applied the standard to all lease contracts existing on April 1, 2019 are accounted for as per the provisions of the standard. Consequently, the Company recorded the lease liability at the present value of the lease payments discounted at the incremental borrowing rate. Right of Use (ROU) assets have been recognized by the Company at an amount equal to the lease liability , adjusted for previously recognized prepaid or accrued lease payments.

c. Cash Flow Statement

Cash flow statement is prepared in accordance with the indirect method prescribed in IND AS 7 “Cash Flow Statement”.

d. Prior Period Errors

Material prior period errors are corrected retrospectively by restating the comparative amounts for the prior periods presented in which the error occurred. If the error occurred before the earliest period presented, the opening balances of assets, liabilities, and equity for the earliest period presented, are restated.

e. Income Tax

Income tax expense comprises Current and Deferred tax. Current Tax expense is recognised in Statement of Profit and Loss except to the extent that it relates to items recognised directly in Other Comprehensive Income (OCI) or Equity, in which case it is recognised in OCI or Equity.

Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the applicable tax rates and the provisions of the Income Tax Act, 1961 and other applicable tax laws.

Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted as at the reporting date. Deferred tax liabilities are recognized for all timing differences.

Deferred tax assets are recognized for all temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses. Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by the same governing tax laws and the Company has a legally enforceable right for such set off. Deferred tax assets are reviewed at each balance sheet date for their reliability.

Deferred Tax expense is recognised in Statement of Profit and Loss except to the extent that it relates to items recognised directly in Other Comprehensive Income (OCI) or Equity, in which case it is recognised in OCI or Equity.

f. Employee Benefits

Defined contribution plans: Contributions to defined contribution plans are recognized as expenses when employees have rendered services entitling them to such benefits.

Defined benefit plans: For defined benefit plans, the cost of providing benefits using the projected Unit Credit Method, with actuarial valuations being carried out at each Balance sheet date. Actuarial gains and losses are recognised in full in the other Comprehensive income for the period in which they occur. Past service cost both vested and unvested is recognised as expenses at the earlier of (a) when the plan amendment or curtailment occurs; and (b) when the entity recognises related restructuring costs or termination benefits.

The retirement benefit obligations recognised in the Balance Sheet represents the present value of the defined benefit obligations reduced by the fair value of scheme assets. Any assets resulting from this calculation is limited to the present value of available refunds and reductions in future contributions to the scheme.

g. Foreign currency translation

The consolidated financial statements are prepared in Indian Rupees, which is the functional currency for Megasoft Limited. The translation of the functional currencies into the reporting currency is performed for assets and liabilities of the foreign subsidiary companies currency exchange rates in effect at the balance sheet date, for revenue, costs and expenses using average exchange rates prevailing during the reporting periods and for share capital, using the exchange rate at the date of the transaction. The resultant translation exchange gain/loss has been disclosed as "Foreign Currency Translation Reserve" under "Reserve & Surplus".

All income and expenditure transactions of the foreign branch during the year are included in these accounts at the average rate of exchange. Monetary assets and liabilities are translated at rates prevailing on the balance sheet date. Non-monetary assets and liabilities are translated at the rate prevailing on the date of the transaction. Depreciation is translated at the rates used for the transaction of the values of the assets on which depreciation is computed. Net gain/loss on foreign currency translation is recognized in the profit & loss Account.

In case of forward exchange contract or any other financial instruments that is in substance a forward exchange contract to hedge the foreign currency risk which is on account of firm commitment and / or is a highly probable forecast transaction, the premium or discount arising at the inception of the contract is amortized as expenses or income over the life of the contract.

Gain / Losses on settlement of transaction arising on cancelled or renewal of such a forward exchange contract are recognized as income or expenses for the period. In all other cases the gain or loss on contract is computed by multiplying the foreign currency amount of the forward exchange contract by the difference between the forward rate available at the reporting date for the remaining maturity of the contract and the contracted forward rate (or the forward rate last used to measure a gain or loss on that contract for an earlier period) is recognized in the profit or loss account for the period.

h. Borrowing Cost

Borrowing costs, allocated to and utilized for qualifying assets, pertaining to the period from commencement of activities relating to construction/development of the qualifying asset up to the date of capitalization of such asset is added to the cost of the assets. Borrowing costs include interest, amortization of ancillary costs incurred. Costs in connection with the borrowing of funds to the extent not directly related to the acquisition of qualifying assets are charged to the Statement of Profit and Loss over the tenure of the loan. Capitalization of borrowing costs is suspended and charged to the Statement of Profit and Loss during extended periods when active development activity on the qualifying assets is interrupted.

i. Impairment of Non – Financial Assets

The carrying amount of Company's Non – financial Assets are reviewed at each reported date to determine whether there is an indication of impairment 'considering the provisions of IND AS 36 "Intangible Assets".

Impairment loss is recognised if the carrying amount of the assets or its Cash Generating Units (CGU) exceeds its estimated recoverable amount. Impairment losses are recognised in Profit and Loss. Impairment losses recognised in respect of CGUs are reduced from the carrying amounts of the assets of the CGU.

Non-Financial assets that suffered impairment are reviewed for possible reversal of the impairment at the end of each reporting period. Impairment losses recognised in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists.

An Impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the assets carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

j. Earnings per share

Basic earnings per share are computed by dividing the net profit/loss after tax attributable to the equity shareholders of the company by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the net profit/loss after tax attributable to the equity shareholders of the company as adjusted for dividend, interest and other charges to expense or income relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares.

k. Provisions and Contingent Liabilities

A provision is recognized when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to their present values and are determined based on the best estimate required to settle the obligations at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates. Contingent

liabilities are not recognized in the Financial Statements and are disclosed in the Notes. A Contingent asset is neither recognized nor disclosed in the Financial Statements.

I. Business Combination

As part of the transition to IND AS, the company has decided to apply the IND AS 103, Business combinations, to only those business combinations that occurred on or after 1st April, 2015.

In respect of Business combinations, prior to 1st April, 2015, goodwill represents the amount recognised under the company's previous accounting framework under Indian GAAP and the same is tested annually for impairment.

m. Financial Instruments

All Financial Assets and Liabilities are recognised and measured initially at fair value adjusted by transaction cost, except for those carried at fair value through Profit or Loss which are measured initially at fair value. For the purpose of subsequent measurement, Financial Assets are classified into following categories upon initial recognition:

- Amortised cost
- Financial assets at fair value through profit or loss (FVTPL)
- Financial assets at fair value through Other Comprehensive Income (FVOCI)

➤ **Financial assets**

Amortised Cost

A financial asset is measured at amortised cost using effective interest rates if both of the following conditions are met:

- a) the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- b) the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

The Company's cash and cash equivalents, trade and most other receivables fall into this category of financial instruments.

Financial assets at FVTPL

Financial assets at FVTPL include financial assets that either do not meet the criteria for amortised cost classification or are equity instruments held for trading or that meet certain conditions and are designed at FVTPL upon initial recognition. All derivative financial instruments also fall into this category. Assets in this category are measured at fair value with gains or losses recognised in profit and loss. The fair values of financial assets in this category are determined by reference to active market transactions or using a valuation technique where no active market exists.

Financial assets at FVOCI

FVOCI financial assets are either debt instruments that are managed under hold to collect and sell business model or are non – trading equity instruments that are designated to this category. FVOCI financial assets are measured at fair value. Gains and losses are recognised in Other Comprehensive Income, except for interest and dividend income and foreign exchange differences on monetary assets, which are recognised in statement of profit and loss.

➤ **Financial Liabilities**

Initial recognition and measurement

All financial liabilities are initially recognised at Book value and in the case of loans and borrowings and payables, net of attributable transaction costs (example: Upfront processing fees).

The company's financial liabilities include trade and other payables, loan and borrowings including bank overdrafts and financial guarantee contracts.

Classification and subsequent measurement of financial liabilities

Financial liabilities are measured subsequently at amortised cost using the effective interest method, except for financial liabilities held for trading or designated at FVTPL, that are carried subsequently at fair value with gains or losses recognised in profit or loss. All derivative financial instruments are accounted for at FVTPL.

Delta Effect of +1% Change in Rate of Employee Turnover	0.27	0.35
Delta Effect of -1% Change in Rate of Employee Turnover	(0.31)	(0.38)

The sensitivity analysis have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all assumptions constant.

The sensitivity analysis presented above may not be representative of the actual change in the projected benefit obligation as it is unlikely that the change in the assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the projected benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same method as applied in calculating the projected benefit obligation as recognized in the balance sheet.

There was no change in the methods and assumptions used in preparing the sensitivity analysis from prior years.

34. Financial Risk Management:

The Company's business activities expose it to a variety of financial risks, namely liquidity risk, market risks and credit risk.

Risk	Exposure arising from	Measurement	Management
Credit Risk	Cash and cash equivalents, trade receivables and financial assets measured at amortized cost.	Ageing analysis	Diversification of bank deposits and LCs
Liquidity Risk	Borrowings and other liabilities	Rolling cash flow forecasts	Availability of committed credit lines and borrowing facilities
Market risk – foreign exchange	Recognized financial assets and liabilities not denominated in Indian rupee	Sensitivity analysis	Un hedged
Market risk – interest rate	Long-term borrowings at variable rates	Sensitivity analysis	Un hedged

a. Credit Risk:

The Company is exposed to credit risk, which is the risk that counter party will default on its contractual obligation resulting in a financial loss to the Company. Credit risk arises from cash and cash equivalents, financial assets carried at amortized cost and deposits with banks and financial institutions, as well as credit exposures to trade customers including outstanding receivables.

(i) Credit risk management

Credit risk is the risk that a counter party will not meet its obligations under a financial instrument or customer contract, leading to a financial loss.

Trade Receivable

The Company closely monitors the credit-worthiness of the debtors and only sells goods to credit-worthy parties. The Company's internal systems are configured to define credit limits of customers, thereby limiting the credit risk to pre-calculated amounts.

(ii) Expected Credit Loss

c. Market Risk:

Market risk is the risk that the fair values of future cash flows of a financial instrument will fluctuate because of volatility of prices in the financial markets. Market risk can be further segregated as:

i) Foreign currency risk:

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Company has exposure foreign currency risk in case of Trade and other payables.

ii) Interest rate risk:

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's main interest rate risk arises from long-term borrowings with variable rates, which expose the Company to cash flow interest rate risk. During March 31, 2019 the Company's borrowings at variable rate were mainly denominated in Rupees. The Company's fixed rate borrowings are carried at amortized cost. They are therefore not subject to interest rate risk as defined in Ind AS -107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

Interest rate risk exposure

The exposure of the Company's borrowing to interest rate changes at the end of the reporting period are as follows:

Particulars	As at 31st March, 2021	As at 31st March, 2020
Variable rate borrowings	2,950.47	3,964.65

Interest Sensitivity

Interest cost – increase by 5% on existing Interest cost*	23.01	28.94
Interest cost – decrease by 5% on existing Interest cost*	(23.01)	(28.94)

* Holding all other variables constant.

35. Disclosure on the impact of the COVID-19 pandemic

- a) Operations in India: The company continued to comply with State and Central Government Lock down orders from time to time. Customer support and core operations team functioned fully. About 30% employees are physically attending office, whenever permitted as per Government Orders, while the balance continue to work from home. For the staff who are working from home, the company has provided with appropriate infrastructure to facilitate work from home.
- b) Ability to maintain operations including units, office spaces functioning: Subsequent to receipt of permissions from the authorities, the Company had resumed its operations fully and the Company had to take adequate precautions for the safety and wellbeing of its employees during the recurrence of the Covid-19 pandemic (second phase). However the

Company continues to maintain and be fully functional with respect to Customer support and core operations. Safety of the employees and their well-being being paramount during the current CoVID-19 pandemic, the Company has taken several measures to ensure their well-being including measures such as maintaining physical distancing, frequent use of hand sanitizer and wearing of face masks. The Company has developed a policy in line with directives issued by MHA and WHO. All the facilities have been properly sanitized so that the people are safe and secure at the workplace. All safety protocols of temperature sensing, wearing of safety gears, social distancing, facility and vehicle sanitizing etc are being adhered to stringently. Digital medium of communication for meetings etc is being used extensively and the organization as a whole has evolved to work under the new normal.

- c) Capital and financial resources: The Company did face delay in receipt of payments from its customers during the year. However, the company will also continue to closely watch the situation in future.
- d) Profitability: The Company did face an abrupt stoppage of on-going projects during the initial stages of the Covid-19 pandemic, but subsequently, most of them have been resumed by the customers. Since, the company is a part of an essential & core services industry (Mobile Telecom), there was no major impact on revenue or profitability during the financial year.
- e) Supply chain: Due to impact of Covid-19 on the global supply chain, the delivery of hardware at our customer premises was delayed impacting implementation delivery times. This results in delayed collections from the customer. Also the payment terms and schedules to the suppliers had to be revised with unplanned cash outflows from the company. While the situation has improved slightly, the Company hopes that the business will become normal soon.
- f) Internal financial reporting and control: The Internal financial reporting control have been intact. Whenever the offices have been closed in compliance with Government orders, challenges in availability of documents and preparation of financial reporting are faced as compared to normal course. All transactions are duly checked and authorized by concerned competent persons through emails.
- g) Ability to service debt and other financing arrangements: The Company did face difficulties during the period of April – June 2020 and availed interest moratorium during that period. However subsequently the operations and the resultant cash flows have returned to near normal levels and the Company has resumed interest payments etc. Hence the Company does not foresee any difficulty in servicing its debt and interest obligations moving forward.
- h) Estimation of future impact of COVID-19 on its operations: Business landscape is fast changing and continuously evolving. The circumstances are extremely dynamic, hence it is not in a position to ascertain, the future impact on its operations. The Company will continue to closely monitor the developments and the material impact, if any, will be disclosed from time to time to the stock exchanges.

INDEPENDENT AUDITOR'S REPORT

To the Members of Megasoft Limited

Report on the Audit of the Standalone Ind AS Financial Statements

1. Opinion

We have audited the Standalone Ind AS Financial Statements of **MEGASOFT LIMITED** ("the Company"), which comprise the balance sheet as at 31st March 2021, and the Statement of Profit and Loss, (including the Statement of Other Comprehensive Income), the Cash flow Statement, notes to Standalone Ind AS Financial Statements and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Ind AS Financial Statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, and profit, (changes in equity) and its cash flows for the year ended on that date.

2. Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Ind AS Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Standalone Ind AS Financial Statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

3. Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Standalone Ind AS Financial Statements of the current period. These matters were addressed in the context of our audit of the Standalone Ind AS Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

S.No	Key Audit Matter	Auditor's Response
1	<p>Accuracy of recognition, measurement, presentation and disclosures of revenues and other related balances in view of adoption of Ind AS 115 "Revenue from Contracts with Customers":</p> <p>The application of the Ind AS 115 involves certain key judgements relating to identification of distinct performance obligations, determination of transaction price of the identified performance obligations, the appropriateness of the basis used to measure revenue recognized over a period. Hence, under Ind AS 115 revenue should be recognized when an entity transfers control of a good or service to a customer. A customer obtains control when it has the ability to direct the use of and obtain the benefits from the good or service.</p>	<p>We assessed the Company's process and policy to identify the impact of adoption of Ind AS 115. Our audit approach consisted testing of the design and operative effectiveness of internal controls and substantive testing as follows:</p> <ul style="list-style-type: none">➤ Evaluated the process relating to implementation of the new revenue accounting standard.➤ Selected a sample of continuing and new contracts relating to identification of the distinct performance obligations and we carried out a combination of procedures involving observation and inspection of evidence in this regard.➤ Identified the distinct performance obligations in these contracts.➤ Compared these performance obligations with that identified and recorded by the Company.

	Accordingly, the Company has not recognized revenue for sales initiated in the current year for which physical delivery of goods has happened in the next financial year.	<ul style="list-style-type: none"> ➤ Performed analytical procedures for reasonableness of revenues disclosed by type and service offerings.
2	<p>Evaluation of uncertain tax positions:</p> <p>The Company has uncertain tax and legal positions including matters under dispute which involves significant judgment to determine the possible outcome of these disputes. Refer “Contingent Liability and Data for Notes on accounts” annexure.</p>	<ul style="list-style-type: none"> ➤ We obtained the list of legal cases filed by and on the Company. ➤ We obtained details of completed tax assessments and demands for the year ended March 31, 2021 from management. ➤ We also reviewed Company’s correspondences and appeal documents. ➤ We obtained status reports from the existing counsels handling each case. ➤ Ascertained whether the chances of crystallization of liability are probable/ possible/ remote. ➤ Ensured appropriate disclosure under Notes on accounts.

4. Information Other than the Financial Statements and Auditor’s Report thereon

The Company’s Board of Directors is responsible for the other information. The other information comprises the information included in the Board’s report, including Annexure to Board’s Report, Business Responsibility Report, Corporate Governance and Shareholder’s Information but doesn’t include the Standalone Ind AS Financial Statements and our auditor’s report thereon.

Our opinion on the Standalone Ind AS Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Ind AS Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Standalone Ind AS Financial Statements or our knowledge obtained in the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

5. Management’s Responsibility for the Standalone Ind AS Financial Statements

The Company’s Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 (“the Act”) with respect to the preparation of these Standalone Ind AS Financial Statements that give a true and fair view of the financial position, financial performance, (changes in equity) and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Ind AS Financial Statements, management is responsible for assessing the Company’s ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company’s financial reporting process.

6. Auditor's Responsibilities for the Audit of the Standalone Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Ind AS Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Ind AS Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Ind AS Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Ind AS Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Standalone Ind AS Financial Statements, including the disclosures, and whether the Standalone Ind AS Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Ind AS Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

7. Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of subsection (11) of section 143 of the Companies Act, 2013, we give in the **Annexure-A** a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

As required by Section 143(3) of the Act, we report that:

(a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

(b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

(c) The Balance Sheet, the Statement of Profit and Loss (including the statement of Other Comprehensive Income), the Cash flow Statement, notes to Standalone Ind AS Financial Statements and the Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.

(d) In our opinion, the aforesaid Standalone Ind AS Financial Statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015 as amended.

(e) On the basis of the written representations received from the directors as on 31st March, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.

(f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "**Annexure B**".

(g) With respect to the matter to be included in the Auditors' Report under Section 197(16) of the Act, in our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act.

(h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

i. The Company has disclosed the impact of pending litigation on its financial position in its Standalone Ind AS Financial Statements – Refer Note no. 26 to the Financial Statements.

ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

iii. There has been no delay in transferring amounts, required to be transferred, to Investor Education and Protection Fund by the Company.

ANNEXURE - B TO THE AUDITORS' REPORT ON THE INTERNAL FINANCIAL CONTROLS UNDER CLAUSE (I) OF SUB-SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013 ("THE ACT")

We have audited the internal financial controls over financial reporting of Megasoft Limited ("the Company") as of March 31, 2021 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial control system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Ind AS financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the

policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Megasoft Limited

Notes forming part of Financial Statements for the year ended March 31, 2021

Note 1A: Company information and Significant accounting policies

a. Background

Megasoft Limited, a public limited company domiciled in India and incorporated under the provisions of the Companies Act, 1956, on 29 June 1999 and is registered office in Chennai. The company's shares are listed on BSE and NSE, in India. The company is a unique trans-nation company with customers, employees and operations across multiple continents and combines the best global practices with a focus on the global telecommunication domain.

b. Basis of Preparation

These Financial Statements have been prepared on accrual basis of accounting in accordance with Indian Accounting Standards (IND AS) as per the Companies (Indian Accounting Standards) Rule, 2015 notified under Section 133 of Companies Act, 2013, (the 'Act') and other relevant provisions of the Act. The Financial Statements upto year ended 31st March 2017 were prepared in accordance with Generally Accepted Accounting principles (GAAP) in India, accounting standards specified under section 133 of the Companies Act, 2013, read with Rule 7 of the Companies (Accounts) Rules, 2014 and the Companies Act, 2013 collectively referred to as "Indian GAAP". The company followed the provisions of IND AS 101 in preparing its opening IND AS Balance Sheet as on the date of transition viz. 1st April, 2016. Some of the Company's IND AS accounting policies used in the opening balance sheet are different from the previous GAAP policies applied as at 31st March, 2016 and accordingly adjustments were made to restate the opening balances as per IND AS. The adjustments arose from events and transactions before the date of transition of IND AS were recognised directly to Retained earnings as at 1st April, 2016, as required by IND AS 101.

Disclosures under IND AS are made only in respect of material items and in respect of the items that will be useful to the users of Financial Statements in making economic decisions.

c. Basis of Measurement

The Financial Statements have been prepared in Going concern basis and on an accrual method of accounting. Historical cost is used in preparation of Financial Statements except for the following items which are measured at Fair value:

- iii) Certain Financial assets and liabilities
- iv) Net Defined benefit (Asset)/ Liability

d. Functional and Presentation currency

The Financial Statements are presented in Indian Rupees (INR), which is the Company's functional currency. All financial information presented in INR has been rounded to the nearest Lakhs, except as stated otherwise.

e. Use of estimates and management judgement

The preparation of Financial Statements in conformity with the accounting policies requires the management to make estimates and assumption considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The Management believes that the estimates used in preparation of the Financial Statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known/materialize.

Note 1B: Significant accounting policies

A Summary of significant accounting policies applied in the preparation of Financial Statements is given below. These accounting policies have been applied consistently to all the periods presented in the Financial Statements.

a. Revenue Recognition

Revenue from software development on time and material basis is recognized based on software developed and billed to clients as per the terms of specific contracts. In the case of fixed-price contracts, revenue is recognized based on the milestones achieved as specified in the contracts or on the percentage of completion basis. Provision for estimated losses on incomplete contract is recorded in the period in which such losses become probable based on the current estimates. Revenue from product licenses and related revenue are recognized as follows:

- License fees, on delivery and subsequent milestone schedule as per the terms of the contract with the end use
- Product maintenance revenues, over the period of the maintenance contract

b. Property, Plant and Equipment

i. Initial and Subsequent Recognition:

All items of Property, Plant and equipment (PPE) are measured at Historical cost, which includes capitalised borrowing cost less accumulated depreciation and impairment loss, if any.

Items of spare parts, standby equipment and servicing equipment which meet the definition of property, plant and equipment are capitalised. Other spare part are carried as inventory and recognised in the Statement of Profit and Loss on consumption.

Where the cost of depreciable assets has undergone a change during the year due to increase/ decrease in long term liabilities on account of exchange fluctuation price adjustment, change in duties or similar factors, and the unamortized balance of such asset is charged off prospectively over the remaining useful life determined following the applicable accounting policies relating to depreciation/ amortization.

Spare parts are recognised when they meet the definition of Property, Plant and Equipment , otherwise, such items are classified as inventory.

On transition to IND AS, the company has elected to adopt the cost model i.e., cost less accumulated depreciation for all of its Property, Plant and Equipment as at 1st April, 2016. Except for land which has been revalued to reflect the fair value.

The Property, Plant and equipment of the Company are physically verified in a phased manner to cover all the items of PPE over a period of three years, which in the Management's opinion, is reasonable having regard to the size of the Company and the nature of its assets. Property, Plant and Equipments are capitalised when the assets are ready for their intended use and when occupancy certificate is received in respect of immovable properties.

ii. Depreciation

Depreciation is recognised in Statement of Profit and Loss on a straight – line basis over the estimated useful lives of each part of an item of property, plant and equipment. Leased assets are depreciated over the shorter of the lease term and their useful lives unless it is reasonably certain that the Company will obtain ownership by the end of the lease term.

Depreciation on additions to/ deductions from property, plant and equipment during the year is charged on pro – rata basis from/ up to the month in which the asset is available for use/ disposed.

iii. Goodwill and Other Intangible Assets:

On transition to IND AS, the Company has elected to continue with the carrying value of all its intangible assets recognised as at 1st April, 2016, measured at previous GAAP, and use that carrying value as the deemed cost of such intangible assets.

Software which is not an integral part of related hardware, is treated as intangible asset and amortised over a period five years or its license period, whichever is less.

On Transition to IND AS the company has elected to continue with the carrying value of all intangible assets recognised as at 1st April, 2016 measured as per the previous GAAP and use the carrying value as deemed cost.

iv. Capital work – in – progress:

The cost of self – constructed assets includes the cost of materials and direct labour, any other costs directly attributable to bringing the assets to the location and condition necessary for it to be capable of operating in the manner intended by management and borrowing costs.

Expenses directly attributable to construction of property, plant and equipment incurred till they are ready for their intended use are identified and allocated on a systematic basis of the cost of related assets.

Unsettled liabilities for price variation/exchange rate variation in case of contracts are accounted for on estimated basis as per terms of the contracts.

v. Leases:

The company's lease assets primarily comprise of buildings. The company assesses whether a contract contains a lease at the inception of the contract. A contract is, or contains a lease, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- (i) the contract involves the use of an identified asset
- (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and
- (iii) the Company has the right to direct the use of the asset.

Transition

Effective April 1, 2019, the Company adopted Ind AS 116 "Leases" and applied the standard to all lease contracts existing on April 1, 2019 are accounted for as per the provisions of the standard. Consequently, the Company recorded the lease liability at the present value of the lease payments discounted at the incremental borrowing rate. Right of Use (ROU) assets have been recognized by the Company at an amount equal to the lease liability, adjusted for previously recognized prepaid or accrued lease payments.

c. Cash Flow Statement

Cash flow statement is prepared in accordance with the indirect method prescribed in IND AS 7 "Cash Flow Statement".

d. Prior Period Errors

Material prior period errors are corrected retrospectively by restating the comparative amounts for the prior periods presented in which the error occurred. If the error occurred before the earliest period presented, the opening balances of assets, liabilities, and equity for the earliest period presented, are restated.

e. Income Tax

Income tax expense comprises Current and Deferred tax. Current Tax expense is recognised in Statement of Profit and Loss except to the extent that it relates to items recognised directly in Other Comprehensive Income (OCI) or Equity, in which case it is recognised in OCI or Equity.

Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the applicable tax rates and the provisions of the Income Tax Act, 1961 and other applicable tax laws.

Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted as at the reporting date. Deferred tax liabilities are recognized for all timing differences.

Deferred tax assets are recognized for all temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses. Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by the same governing tax laws and the Company has a legally enforceable right for such set off. Deferred tax assets are reviewed at each balance sheet date for their reliability.

Deferred Tax expense is recognised in Statement of Profit and Loss except to the extent that it relates to items recognised directly in Other Comprehensive Income (OCI) or Equity, in which case it is recognised in OCI or Equity.

f. Employee Benefits

Defined contribution plans: Contributions to defined contribution plans are recognized as expenses when employees have rendered services entitling them to such benefits.

Defined benefit plans: For defined benefit plans, the cost of providing benefits using the projected Unit Credit Method, with actuarial valuations being carried out at each Balance sheet date. Actuarial gains and losses are recognised in full in the other Comprehensive income for the period in which they occur. Past service cost both vested and unvested is recognised as expenses at the earlier of (a) when the plan amendment or curtailment occurs: and (b) when the entity recognises related restructuring costs or termination benefits.

The retirement benefit obligations recognised in the Balance Sheet represents the present value of the defined benefit obligations reduced by the fair value of scheme assets. Any assets resulting from this calculation is limited to the present value of available refunds and reductions in future contributions to the scheme.

g. Foreign currency translation

Transactions in foreign currencies entered into by the Company are accounted at the exchange rates prevailing on the date of the transaction or at rates that are closely approximate to the rate at the date of the transaction. Foreign currency monetary items of the Company, outstanding at the balance sheet date are restated at the year-end rates. Exchange differences arising on settlement / restatement of foreign currency monetary assets and liabilities of the Company are recognized as income or expense in the Statement Of Profit and Loss except in cases of exchange differences on account of depreciable assets are adjusted in cost of depreciable asset and would be depreciated over the balance life of asset.

h. Borrowing Cost

Borrowing costs, allocated to and utilized for qualifying assets, pertaining to the period from commencement of activities relating to construction/development of the qualifying asset up to the date of capitalization of such asset is added to the cost of the assets. Borrowing costs include interest, amortization of ancillary costs incurred. Costs in connection with the borrowing of funds to the extent not directly related to the acquisition of qualifying assets are charged to the Statement of Profit and Loss over the tenure of the loan. Capitalization of borrowing costs is suspended and charged to the Statement of Profit and Loss during extended periods when active development activity on the qualifying assets is interrupted.

i. Impairment of Non – Financial Assets

The carrying amount of Company's Non – financial Assets are reviewed at each reported date to determine whether there is an indication of impairment 'considering the provisions of IND AS 36 "Intangible Assets".

Impairment loss is recognised if the carrying amount of the assets or its Cash Generating Units (CGU) exceeds its estimated recoverable amount. Impairment losses are recognised in Profit and Loss. Impairment losses recognised in respect of CGUs are reduced from the carrying amounts of the assets of the CGU.

Non-Financial assets that suffered impairment are reviewed for possible reversal of the impairment at the end of each reporting period. Impairment losses recognised in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists.

An Impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the assets carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

j. Earnings per share

Basic earnings per share are computed by dividing the net profit/loss after tax attributable to the equity shareholders of the company by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the net profit/loss after tax attributable to the equity shareholders of the company as adjusted for dividend, interest and other charges to expense or income relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares.

k. Provisions and Contingent Liabilities

A provision is recognized when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to their present values and are determined based on the best estimate required to settle the obligations at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates. Contingent liabilities are not recognized in the Financial Statements and are disclosed in the Notes. A Contingent asset is neither recognized nor disclosed in the Financial Statements.

I. Business Combination

As part of the transition to IND AS, the company has decided to apply the IND AS 103, Business combinations, to only those business combinations that occurred on or after 1st April, 2015.

In respect of Business combinations, prior to 1st April, 2015, goodwill represents the amount recognised under the company's previous accounting framework under Indian GAAP and the same is tested annually for impairment.

m. Financial Instruments

All Financial Assets and Liabilities are recognised and measured initially at fair value adjusted by transaction cost, except for those carried at fair value through Profit or Loss which are measured initially at fair value. For the purpose of subsequent measurement, Financial Assets are classified into following categories upon initial recognition:

- Amortised cost
- Financial assets at fair value through profit or loss (FVTPL)
- Financial assets at fair value through Other Comprehensive Income (FVOCI)

➤ **Financial assets**

Amortised Cost

A financial asset is measured at amortised cost using effective interest rates if both of the following conditions are met:

- c) the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- d) the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

The Company's cash and cash equivalents, trade and most other receivables fall into this category of financial instruments.

Financial assets at FVTPL

Financial assets at FVTPL include financial assets that either do not meet the criteria for amortised cost classification or are equity instruments held for trading or that meet certain conditions and are designed at FVTPL upon initial recognition. All derivative financial instruments also fall into this category. Assets in this category are measured at fair value with gains or losses recognised in profit and loss. The fair values of financial assets in this category are determined by reference to active market transactions or using a valuation technique where no active market exists.

Financial assets at FVOCI

FVOCI financial assets are either debt instruments that are managed under hold to collect and sell business model or are non – trading equity instruments that are designated to this category. FVOCI financial assets are measured at fair value. Gains and losses are recognised in Other Comprehensive Income, except for interest and dividend income and foreign exchange differences on monetary assets, which are recognised in statement of profit and loss.

➤ **Financial Liabilities**

Initial recognition and measurement

All financial liabilities are initially recognised at Book value and in the case of loans and borrowings and payables, net of attributable transaction costs (example: Upfront processing fees).

The company's financial liabilities include trade and other payables, loan and borrowings including bank overdrafts and financial guarantee contracts.

Classification and subsequent measurement of financial liabilities

Financial liabilities are measured subsequently at amortised cost using the effective interest method, except for financial liabilities held for trading or designated at FVTPL, that are carried subsequently at fair value with gains or losses recognised in profit or loss. All derivate financial instruments are accounted for at FVTPL.

Delta Effect of +1% Change in Rate of Employee Turnover	0.27	0.35
Delta Effect of -1% Change in Rate of Employee Turnover	(0.31)	(0.38)

The sensitivity analysis have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all assumptions constant.

The sensitivity analysis presented above may not be representative of the actual change in the projected benefit obligation as it is unlikely that the change in the assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the projected benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same method as applied in calculating the projected benefit obligation as recognized in the balance sheet.

There was no change in the methods and assumptions used in preparing the sensitivity analysis from prior years.

Market risk – interest rate	Long-term borrowings at variable rates	Sensitivity analysis	Un hedged

a) Credit Risk:

The Company is exposed to credit risk, which is the risk that counter party will default on its contractual obligation resulting in a financial loss to the Company. Credit risk arises from cash and cash equivalents, financial assets carried at amortized cost and deposits with banks and financial institutions, as well as credit exposures to trade customers including outstanding receivables.

i) Credit risk management

Credit risk is the risk that a counter party will not meet its obligations under a financial instrument or customer contract, leading to a financial loss.

Trade Receivable

The company closely monitors the credit worthiness of the debtors and only sells goods to credit worthy parties. The Company's internal systems are configured to define credit limits of customers, thereby limiting the credit risk to pre calculated amount.

ii) Expected Credit Loss(ECL)

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Company has exposure foreign currency risk in case of Trade and other payables.

ii) Interest rate risk:

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's main interest rate risk arises from long-term borrowings with variable rates, which expose the Company to cash flow interest rate risk. During March 31, 2021 the Company's borrowings at variable rate were mainly denominated in Rupees. The Company's fixed rate borrowings are carried at amortized cost. They are therefore not subject to interest rate risk as defined in Ind AS -107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

Interest rate risk exposure

The exposure of the Company's borrowing to interest rate changes at the end of the reporting period are as follows:

* Holding all other variables constant.

38. Disclosure on the impact of the COVID-19 pandemic

- Operations in India: The company continued to comply with State and Central Government Lock down orders from time to time. Customer support and core operations team functioned fully. About 30% employees are physically attending office, whenever permitted as per Government Orders, while the balance continue to work from home. For the staff who are working from home, the company has provided with appropriate infrastructure to facilitate work from home.
- Ability to maintain operations including units, office spaces functioning: Subsequent to receipt of permissions from the authorities, the Company had resumed its operations fully and the Company had to take adequate precautions for the safety and wellbeing of its employees during the recurrence of the Covid-19 pandemic (second phase). However the Company continues to maintain and be fully functional with respect to Customer support and core operations. Safety of the employees and their well-being being paramount during the current CoVID-19 pandemic, the Company has taken several measures to ensure their well-being including measures such as maintaining physical distancing, frequent use of hand sanitizer and wearing of face masks. The Company has developed a policy in line with directives issued by MHA and WHO. All the facilities have been properly sanitized so that the people are safe and secure at the workplace. All safety protocols of temperature sensing, wearing of safety gears, social distancing, facility and vehicle sanitizing etc are being adhered to stringently. Digital medium of communication for meetings etc is being used extensively and the organization as a whole has evolved to work under the new normal.
- Capital and financial resources: The Company did face delay in receipt of payments from its customers during the year. However, the company will also continue to closely watch the situation in future.

- d) Profitability: The Company did face an abrupt stoppage of on-going projects during the initial stages of the Covid-19 pandemic, but subsequently, most of them have been resumed by the customers. Since, the company is a part of an essential & core services industry (Mobile Telecom), there was no major impact on revenue or profitability during the financial year.
- e) Supply chain: Due to impact of Covid-19 on the global supply chain, the delivery of hardware at our customer premises was delayed impacting implementation delivery times. This results in delayed collections from the customer. Also the payment terms and schedules to the suppliers had to be revised with unplanned cash outflows from the company. While the situation has improved slightly, the Company hopes that the business will become normal soon.
- f) Internal financial reporting and control: The Internal financial reporting control have been intact. Whenever the offices have been closed in compliance with Government orders, challenges in availability of documents and preparation of financial reporting are faced as compared to normal course. All transactions are duly checked and authorized by concerned competent persons through emails.
- g) Ability to service debt and other financing arrangements: The Company did face difficulties during the period of April – June 2020 and availed interest moratorium during that period. However subsequently the operations and the resultant cash flows have returned to near normal levels and the Company has resumed interest payments etc. Hence the Company does not foresee any difficulty in servicing its debt and interest obligations moving forward.
- h) Estimation of future impact of COVID-19 on its operations: Business landscape is fast changing and continuously evolving. The circumstances are extremely dynamic, hence it is not in a position to ascertain, the future impact on its operations. The Company will continue to closely monitor the developments and the material impact, if any, will be disclosed from time to time to the stock exchanges.

II. THE INSTRUCTIONS OF SHAREHOLDERS FOR REMOTE E-VOTING AND E-VOTING DURING AGM AND JOINING MEETING THROUGH VC/ OAVM ARE AS UNDER:

1. Pursuant to the provisions of Section 108 and other applicable provisions, if any, of the Companies Act, 2013 read with the Companies (Management and Administration) Rules, 2014, as amended, and Regulation 44 of SEBI Listing Regulations, the Company has provided the facility to Members to exercise their right to vote by electronic means both through remote e-voting ("remote e-voting") and e-voting during the AGM.
2. In case of joint holders attending the Meeting, only such joint holders who are higher in the order of names will be entitled to vote.
3. The voting period begins on Thursday, June 24, 2021 at 9.00 a.m. and ends on Sunday, June 27, 2021 at 5.00 p.m. During this period shareholders of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date Monday, June 21, 2021 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
4. Pursuant to SEBI Circular No. **SEBI/HO/CFD/CMD/CIR/P/2020/242** dated 09.12.2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/ retail shareholders is at a negligible level.
5. Currently, there are multiple e-voting service providers (ESPs) providing e-voting facilities to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.
6. In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants**. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

7. In terms of SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.
